## WHAT IS MVHACKS

MVHacks is a beginner-friendly, free hackathon for high school students by high school students. Each year, over a hundred students come to grow and develop their computer science skills in the Bay Area's premier hackathon.

## WHY SPONSOR MVHACKS

MVHacks gives a platform for aspiring tech enthusiasts to grow and learn by doing unique projects that progress society. Sponsoring MVHacks allows you to better the community by supporting these young enthusiasts while increasing brand awareness in the future generation!

## WHERE WILL YOUR MONEY GO

Your money will go towards the thousands of awards we give to celebrate our hackers, covering the cost of the venue, day of event expenses, merchandising, and more! These expenses accrue to thousands of dollars, so any support is greatly appreciated. As a 501(c)(3) nonprofit, sponsoring MVHacks will be processed by our parent organization, Hack Club, and as a result is completely tax deductible.

## OTHER WAYS TO SUPPORT MVHACKS

If you can't donate money, we can still use your support! If your company can provide a venue or office space for us to host MVHacks, they will become a Partner-level sponsor, our highest sponsorship tier, without any additional financial contributions. Otherwise, hardware, API credits, and volunteers are all greatly appreciated!

## GENERAL
